#### GENERAL.

This illustrated parts listing is for the YAZOO YHR-SERIES mowers manufactured by YAZOO MANUFACTURING COMPANY, P.O. BOX 4449, 3650 Bay Street, Jackson, MS 39296. The purpose of this chapter is to provide a listing, with illustrations, of the parts that comprise, and are necessary for the support of, the YHR-Series mowers. The information is listed with the parts as they are assigned to each Figure in the parts listing under the heading 'FIGURE KEY NUMBER INDEX'. For example, item (KEY) number 21 in Figure 1 will be listed as "1-21" under the "KEY" column along with the part number, name, and quantity(ies) of that item used in that application.

#### EXPLANATION OF USED ON CODES

Differences between the models in this illustrated parts list are noted by the "USED ON CODE" column in the illustrated Parts List. The use of a code letter is assigned to each model as shown in the following table.

The letter in the "USED ON CODE" column identifies all part numbers associated with that particular model. Parts for which the "USED ON CODE" column is blank are common to all models in the manual.
